International School Algarve

# NOBEL International School Algarve

**The Nobel International School Algarve is an English speaking school, which offers GCSEs and A levels as well as the Portuguese curriculum. It is a co-ed school from age 3 to 18 and is located 40 minutes from Faro international airport. The boarding facilities are all en-suite with one or two students (12 to 18) per room. 50% of leavers enter the top 100 Universities of Europe including Oxford and UCL.**

**The school has been running an English language summer school for several years for day students. In 2014 with the acquisition of the new boarding facilities the Summer English language programme was launched for 12 to 18 year olds. The programme includes: 20 hours of classroom English per week, and various local summer themed activities complimented by our excellent beach side location.**

## Our Mission

To bring together a diverse group of talented students who are passionate. The Nobel International School Algarve offers world-class international education focused on Sports, Languages, Maths and Science, collaborative learning processes, and the development of unique talent.

Our goal is to enable each of our students to reach their full potential by developing their unique talents and abilities. We believe that each individual is different and we support that difference through encouragement, motivation, and personalised learning goals.

## Our Goals

Education is a lifelong process of discovering, developing, and expressing ones unique talents, both inside and outside of the classroom. We envision a world flourishing with creativity where each individual shares a respect for, and understanding of their role in, the global community.

In order to best equip our students to contribute positively to society, we must discover how each student learns best and design an environment uniquely suited to that learning style. We wish for our students to not only enjoy life, but to enjoy making the lives of others better. We strive to lead by example and show that the impact of any contribution is only as meaningful as the courage needed to achieve it.

## Boarding

The boarding facilities of the Nobel International School Algarve are located just 6.5 km from the School Campus right by the seaside. A former 4\* Hotel which has been converted into a cozy home for students with quiet study areas, fun and leisure areas as well as a large garden overlooking one of the most beautiful beaches in the world.

All rooms are equipped with an en-suite bathroom, balcony or access to the terrace. Single or double rooms are available.
